

## **Sweet Late Harvest**

**2012 Riesling**

**Santa Lucia Highlands**

Harvested November 19, 2012

Tondre Grapefield

33 degrees Brix upon Harvest

Sweet but balanced wine perfumed with apricots and honeysuckle.

When harvested, the grapes were botrytised significantly. We crushed them under heavy weight and let them soak for a day prior to pressing. The result was a thick, syrupy, bronze-colored juice that fermented slowly over months, resulting in this concentrated wine.

Drink slightly chilled on its own or paired with desserts or with blue cheese and candied walnuts or pork liver pote.
